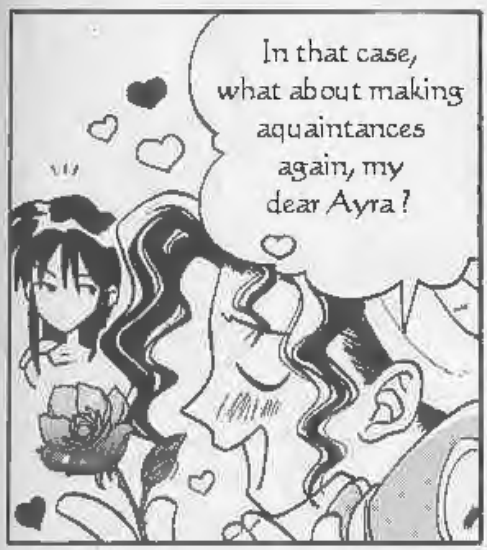
[STAGE.6]
HIDDEN MELODY

Thank you. I'm counting on you as well.
Well, from now on, I'm counting on you.
GRIP



In that case, what about making aquaintances again, my dear Ayra?

You're the man who saved this child's life after all.
No.
But... It is really alright with you ?

You... You've a rose, as I thought...
A black rose with bewitching beauty and sharp thorns...
As if I would go out with the likes of you.

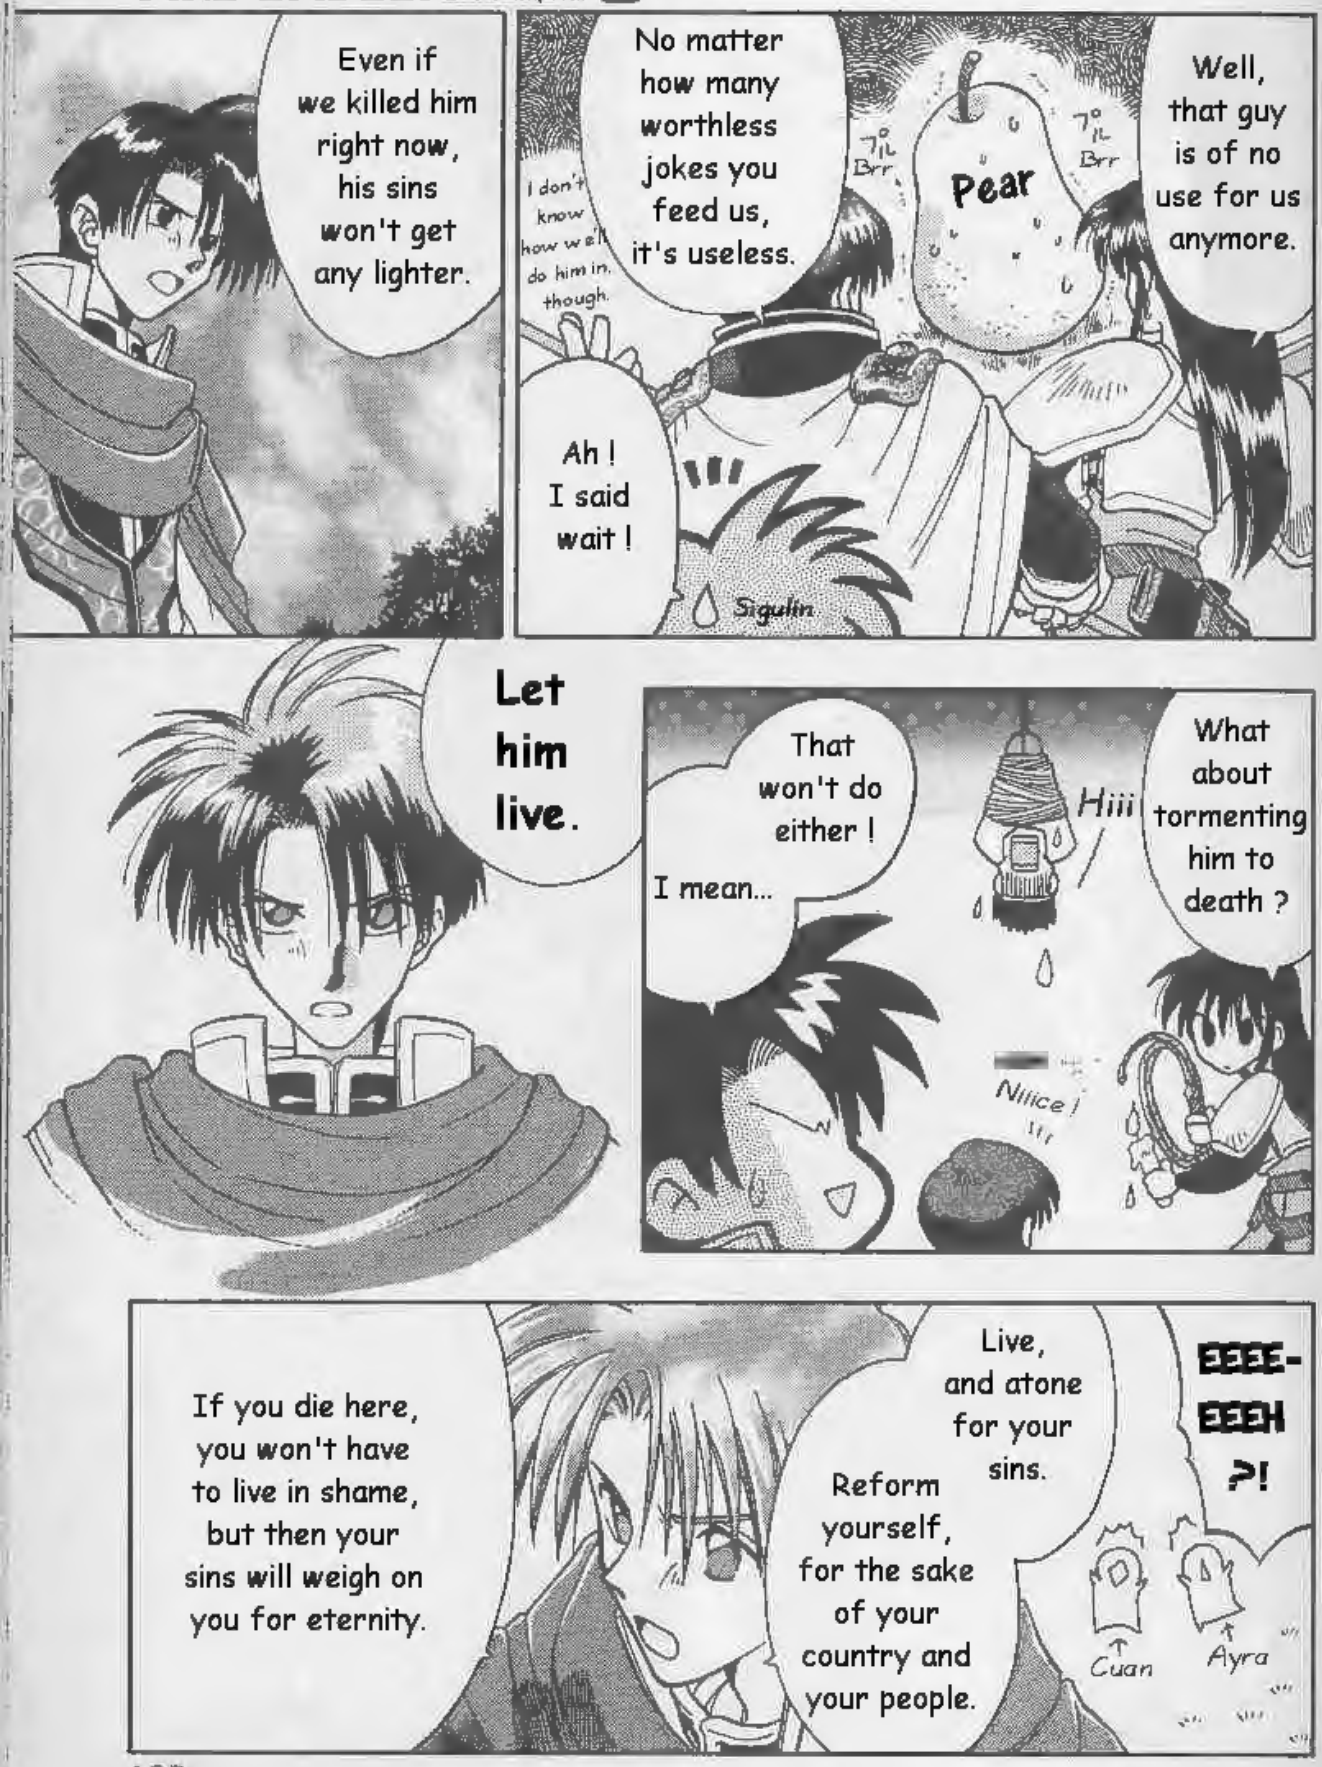
I have a lot of questions to ask you.
BONG
Could you wait just a little moment, please ?!
Huh ?
Aaah ! You're truly the kindest, Sir Sigurd !!
Edin ? Who's this ?
She's the Lady of Jungby and my liege. Sigurd and her are childhood friends...
First, Edin. Is she here ?
Nope, not here. Big Bro took her back to his castle.
That's Marpha, isn't it ?
Some days ago, Gandolf's army suddenly stormed into the castle. They killed countless soldiers and kidnapped our Lady.
If only I could have held out a little more...

That...
One more thing.
Why did you plot this war ?
Those guys sure have some nerve...
So that's why ? Now I understand why you invaded this country.
Before Grandbell gets its hands on our country, we'll get ahead of them and attack first !
Take heed, my sons ! Grandbell plans to invade our country !
It was an order from my father...
It seems something is up behind this battle...
But, why would the good-natured Batou do such a thing ?!
Yes, that's a groundless accusation...
Eeeeh ?! But Grandbell didn't have such an intention !!



Even if we killed him right now, his sins won't get any lighter.
No matter how many worthless jokes you feed us, it's useless.
I don't know how we'll do him in, though.
Pear
Brr
Well, that guy is of no use for us anymore.
Ah ! I said wait !
Sigurd
Let him live.
That won't do either ! I mean...
Hiii
What about tormenting him to death ?
Nilice !
If you die here, you won't have to live in shame, but then your sins will weigh on you for eternity.
Reform yourself, for the sake of your country and your people.
Live, and atone for your sins.
EEEE-EEEH ?!
Cuan
Ayra

If Sigurd says so..
Keh. So it's settled.
It's a promise then.
Understood ! I will do as you said and amend my ways !

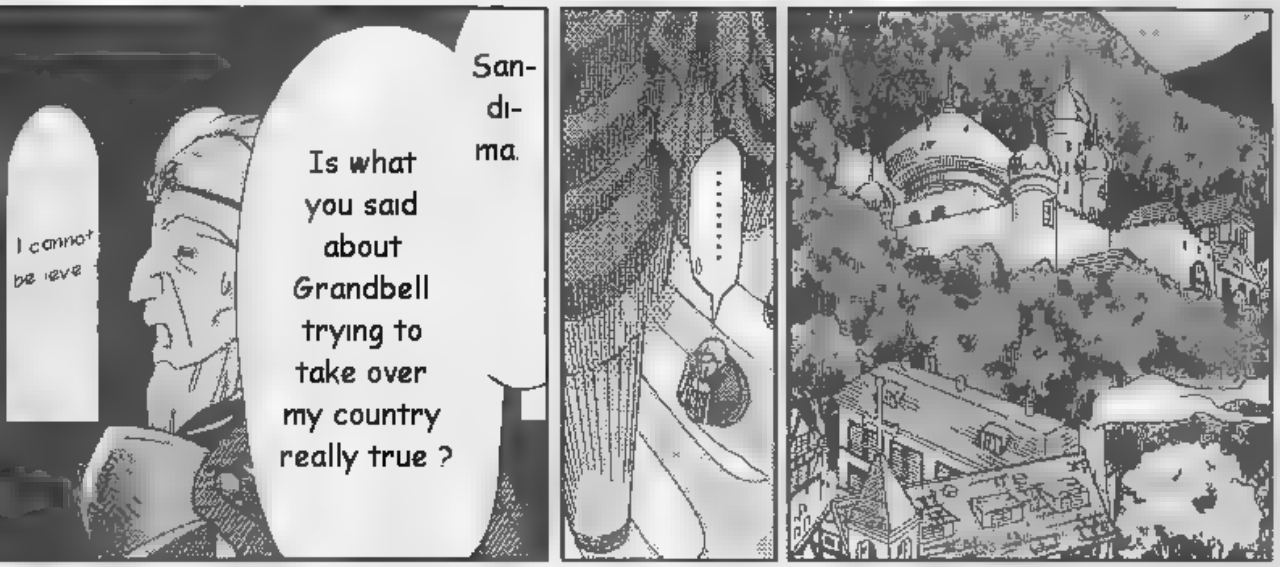
...lly a nice guy. That's what I just thought once again.
Aaaargh! Just look at yourself!!
Did... Did I say something strange ?!
ZAW

Who's that kid ?
A camou-flage ? Where ?
Since I've heard that Genoa Castle is near the sea, the night before we came here, I stayed up all night making it.
Of course it's for camouflage purposes.
My tacti-cian.
You're mistaken ! Please look at the back. It's a starfish !
What's with the star costume ?!
But why a starfish of all things...
He's hopeless !

You're Shanan ? Pleased to meet you.
Smile
I'm IIIIIRK !
Well, he's skillful, you know.
GUH
I won't speak ill, but you should change him with an other one.

Gather your spirits men, let's go !
A... Anyway, now we're going to Marpha Castle, where Edin is held captive !
I don't think that's the real problem here.
Haha You're of the shy of strangers type, aren't you ?

Meanwhile, at Verdane Castle, where King Batou resides...



If you leave everything to me, all will go smoothly...
But, no need to worry.
As we speak, the Grandbell Army has now invaded this country and even gained control of Genoa. Haven't you received reports of this ?
Of course it is.

PLATCH
Your Ma-jes-ty-yy !
I fear it may be hopeless after all
